

## Udyog Bandhu holds tripartite meetings to resolve industry related issues

- *Industrial plots to be allotted on priority in Chola and elsewhere against pending applications*
- *Proposal to develop two multi-product zones in Moradabad SEZ*

**Lucknow: July 22, 2013**

Adding to the series of initiatives to create enabling environment for industrial development in Uttar Pradesh, **Executive Director, Udyog Bandhu and Principal Secretary, Infrastructure & Industrial Development, Dr Surya Pratap Singh** chaired an interactive session of **Tripartite meeting** here today to resolve pending issues of industrial units on case-to-case basis.

**The agenda comprised** of a range of specific issues pertaining to allotment of industrial plots, issuance of no-objection certificate, relocation of power transmission lines passing over industrial plots, setting up of vertical fire stations, etc.

**Total 21 cases were taken up** relating to U.P. State Industrial Development Corporation (UPSIDC) and Fire Safety department; most of the cases were resolved with explicit directions to comply in a time-bound manner to the satisfaction of entrepreneurs.

**Principal Secretary, Infrastructure & Industrial Development, Dr Surya Pratap Singh directed** UPSIDC to prepare an updated directory of cancelled allotments and unoccupied industrial plots and allot these plots on priority basis to pending applications for setting up of industrial units. **Mr Singh also asked** Fire Safety department to coordinate with UPSIDC and build vertical fire stations in view of scarcity of land available in industrial areas.

On the specific request from *Ghaziabad Industries Federation* for allotment of industrial plots to units of Secundrabad Industrial Area, which have been waiting for long, **it was decided** that UPSIDC would allot plots on priority from the cancelled allotments and in upcoming *Chola Industrial Area in Bulandshahar*.

**MD, UPSIDC, Manoj Singh informed** that UPSIDC has identified two activities and two zones to be set up in Moradabad Special Economic Zone. The proposal for the same has been sent to Government of India as per the required procedure and response is awaited.

On the demand of *Indian Industries Association* to develop a **gas-based non-polluting industrial area near Mathura**, it was informed that UPSIDC was ready to develop it on Public Private Partnership (PPP) mode. However, interested industrialist will have to arrange land themselves or pay to UPSIDC, which in turn would acquire the land for the project.

The meeting was attended by **Managing Director, UPSIDC- Mr Manoj Singh, Joint Executive Director, Udyog Bandhu - Dr Kaushal Raj Sharma**, industrialists and senior officials of Fire Safety department.

Similar tripartite meetings would be held during the next two days also. In this three day exercise total 47 pre-identified pending issues of entrepreneurs will be taken up with different government departments for resolution.

It is pertinent to mention here that tripartite meetings are organized by *Udyog Bandhu* as a facilitating tool to resolve entrepreneurs' problems related to different government departments. The meetings involve the entrepreneur, officers of the department concerned and *Udyog Bandhu* as facilitator. '*Udyog Bandhu*' is the State level nodal agency for facilitating infrastructure and industrial development in Uttar Pradesh.
